MAKE YOUR OWN ORIGAMI BIRD

Before you get started, ask an adult to help you make your bird.

Step 1: Tear off the yellow square and fold it in half diagonally to make an upside down triangle.

Step 2: Fold the flat top halfway down the triangle, then turn the paper over.

Step 3: Take the bottom corner and fold it up to make two triangles, joined at the flat edge.

Step 4: Then fold the left side over to the right.

Step 5: Now fold the same flap back to make a wing, and fold the other wing back too.

Step 6: Almost done! Just push the centre of the head in and flatten to make you bird's beak.
